

Gurk

THE LARGEST MOBILE ROLE PLAYING GAME, EVER.

Gurk is a very large game, in a very small download. Through proprietary techniques Gurk fits over 45,000 map locations, graphics and a full game engine into a file 1/5th the size of this document you're reading.

HOW TO PLAY

1 Gurk supports vast wildernesses with towns, mountains, forests, lakes and dungeons to explore.

2 Control your party of adventurers as they combat a wide variety of creatures.

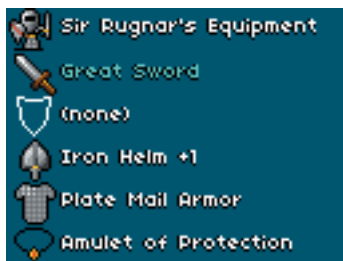

3 Explore dank and gloomy dungeons where your torchlight reveals only the path ahead of you.

4 The automap system knows where you have and haven't been in the entire game.

5 Each player in your party has his own level, experience, stats and equipment.

6 Equipment gained from monsters or bought at stores can be equipped or traded between players.
